

VEDCARE DIVINE

Master Business, Brand & Product Information

Working source document for the VedCare Divine ecommerce website

Recommended visual direction: Charcoal + Deep Green + Gold + Ivory

1. Purpose

This document consolidates the VedCare Divine information supplied during the website-planning process: company background, brand positioning, product portfolio, pricing references, marketing messages, customer needs, certifications, video/content observations and ecommerce recommendations. It is intended as a working master reference for the WordPress + WooCommerce + Razorpay ecommerce project.

Important: product prices, pack sizes, ingredients, certificate details and health claims must be verified against current official records before publication.

2. Company Overview

Field	Information
Company	Vedcare Divine Private Limited
Legal type	Private Limited Company
Incorporation	27 June 2020
Registered location	Pune, Maharashtra, India
Sector	Health, wellness and nutritional supplements
Focus	Ayurvedic/herbal supplements, nutritional products, weight management and wellness products
Associated areas supplied	Akurdi, Nigdi and Ravet, Pune (verify exact current address)
Positioning	Ayurveda + nutrition + body transformation + strength + personal guidance

3. Brand Identity

- Modern Ayurvedic wellness + nutrition + fitness positioning rather than a traditional pharmacy-only image.
- Strong visual connection to deep green, black/charcoal, gold and natural leaf imagery.
- VedCare Gold is the clearest hero/bestselling product from the information supplied.
- Customer education and human guidance are important because customers commonly have product-specific questions.
- Real customer stories, transformation videos, physical business/store footage and dispatch content are important trust assets.

4. Recommended Brand Theme

Role	Direction	Meaning
Primary	Charcoal / near-black	Premium, strength, complements Gold packaging
Secondary	Deep Ayurvedic green	Nature, Ayurveda, herbs, existing logo
Accent	Rich gold	VedCare Gold, premium positioning, existing logo
Background	Warm ivory	Clean, readable, natural, premium

Recommended balance: roughly 60% ivory/light backgrounds, 20% charcoal, 15% deep green and 5% gold accents. Avoid an entirely black website.

5. Product Portfolio

11. Licenses, Certifications & Quality Credentials

The user has explicitly confirmed that VedCare Divine's certifications and licenses are genuine and original. Credentials identified in supplied marketing include:

- International ISO
- FSSAI
- GMP
- LAB TESTED
- 100% Natural / related quality badge
- IAS-related certification/badge(s) shown in advertising

Recommended website treatment: create a Quality & Certifications page showing actual certificate images, certificate numbers, issuing authorities, validity and scope where applicable. Use only the exact wording supported by each certificate.

12. Video & Social Content Insights

- Product presentations and explanations.
- Customer interviews/testimonials and transformation stories.
- A 'BODY TRANSFORMATION SERIES' format.
- Physical store/business footage and product displays.
- Product packing/dispatch footage.
- Human presenter/team content suitable for 'Talk to a VedCare Expert'.
- Fitness/bodybuilding visuals and a strong transformation/performance identity.

YouTube channel supplied: <https://www.youtube.com/@vedcaredivinepvt.ltd.8761>

Instagram Reel links were supplied during the project. Direct retrieval/transcription was not consistently available; uploaded videos and user-provided scripts are therefore treated as the primary social-content sources here.

13. Weight-Gain Marketing Message

The supplied Hindi/Hinglish script focuses on weakness, digestive problems and low stamina, then presents VedCare Gold as a solution for weight gain and muscle building. It emphasizes healthy weight gain, digestion, recovery, strength, circulation, stamina, Ayurvedic formulation, customer results, before/after stories and direct ordering.

14. Fat-Loss Marketing Message

The supplied VedCare Lean copy focuses on fat loss + muscle building, one-month 3–10 kg positioning, digestion/absorption, immunity, recovery, bone/muscle/cartilage, circulation, energy conversion from body fat, hormones, BMI management, protein synthesis, skin quality, Ayurvedic herbs, certifications and direct contact.

17. Ecommerce & Conversion Strategy

- WordPress + WooCommerce + Razorpay for direct online purchase.
- Keep WhatsApp and phone support prominent.
- Use goal-based navigation rather than requiring customers to understand product names.
- Use actual customer videos and real brand imagery wherever possible.
- Create dedicated landing pages for Meta campaigns, especially /weight-gain, /vedcare-gold, /weight-loss and /vedcare-lean.
- Use product comparison and 'Which product is right for me?' guidance.
- Keep the health assessment as a separate project; do not integrate it into the ecommerce website at this stage.

18. Claims & Website Guardrails

Supplied claim/theme	Recommended website treatment
3–10 kg gain/loss in one month	Use only with appropriate substantiation and compliant wording; never imply guaranteed outcomes.
100% results	Do not present as a universal guarantee.
